

 SUMMARY

Computer Science undergraduate focused on Machine Learning, Agentic AI, and scalable backend systems. Experienced in building end-to-end LLM workflows, RAG pipelines, and deploying models using FastAPI and Streamlit. Hackathon winner with a strong interest in using open-source technologies to build practical, real-world AI solutions.

 PROFESSIONAL EXPERIENCE

- Creative Head, Vivacity - Cultural Fest, LNMIIT

2025 – 2026

 - Directed creative strategy and visual branding for a festival drawing **15000+ attendees**, producing banners, posters and digital assets across **8+ flagship events**.
 - Managed a **30-member creative team**, ensuring consistent branding.
 - Coordinated with tech and logistics teams to execute high-impact campaigns end-to-end.
- Teacher Assistant - Core CS Subjects (PPS, DBMS),
LNM Institute of Information Technology, Jaipur

 - Served as Teaching Assistant for **2 core CS courses**, mentoring **100+ students** covering C programming, MySQL, and database query processing.
 - Assisted faculty in delivering lectures, designing practical lab assignments, evaluating student performance and received positive feedback in student surveys.
- Student Mentor, LNMIIT Counselling and Guidance Cell

04/2024 – 04/2025

 - Collaborated with faculty to mentor a targeted cohort of **50 first-year students**, conducting weekly counseling sessions to ensure a smooth transition into college life.

 EDUCATION

- B. Tech CCE, LNM Institute of Information Technology, Jaipur

CGPA : 8.64/10

2023 – 2027
- 12th CBSE, Delhi Public School, Noida

Percentage : 94%

2023
- 10th CBSE, Delhi Public School, Noida

Percentage : 95.3%

2021

 SKILLS

- Languages:** C, C++, JavaScript, SQL, Python
- AI & Machine Learning:** TensorFlow, NLTK, Transformers, Scikit-Learn, OpenCV, Pytorch
- Frameworks & Tools:** FastAPI, Flask, Streamlit, Docker, AWS, Git, MySQL, LangSmith
- Generative AI:** LLMs (Groq/Gemini/Llama 3), RAG, LangChain, LangGraph, Vector DBs (FAISS)
- Core CS:** Data Structures & Algorithms, OOP, OS, DBMS, Computer Networks

 ACHIEVEMENTS

- Breakthrough Idea Award, Google Agentic AI Day 2025

07/2025
- 2nd Position, Google Gen AI Exchange 2025

12/2025
- Selected Among Top 10 teams in SIH Internal Hackathon 2025

2025

 PROJECTS

- Krish-AI: Agentic Agricultural Assistant  , FastAPI, Genkit, Gemini, Firebase, Docker

 - Built an AI-powered agricultural assistant leveraging FastAPI and Google Genkit for crop disease detection, multilingual voice support, and GPS-based farmer assistance across **4 Indian languages**.
 - Won Breakthrough Idea Award in Google Agentic AI Day 2025.
- ArtisanGully - Multi-Module AI Platform for Local Artisans  , LLMs, Full-Stack, Speech-to-Text

 - Created a full-stack platform using Gemini LLMs and prompt engineering to automate image-driven product descriptions, pricing intelligence, and government scheme recommendations, processing **50+ listings within 10 seconds**.
 - Won 2nd Position in Google Gen AI Exchange Hackathon 2025.
